RE: Four Mile Run Restoration Master Plan

Dear Mr. Zimmerman and Members of the Board:

The Sports Commission is pleased to express its strong support and endorsement for the Four Mile Run Restoration Master Plan. Commission members unanimously approved a motion to support the conceptual master plan at our January 19 meeting, following a presentation by Task Force Chair Neil Sigmond and Scott McPartlin of the Department of Parks, Recreation and Cultural Resources.

The Commission recognizes the close cooperation between Arlington and Alexandria has been integral to the success of shaping this outstanding master plan. This type of collaboration should be viewed as a model for possible future endeavors with surrounding jurisdictions.

The Sports Commission is pleased to endorse the master plan and to urge its adoption.

Sincerely,

Bill Murray
